Interior Designer / 5yrs Experience

• Hanging lights of different lengths wrapped in bamboo cocoons creates a multilayered atmosphere. / 挂上一盏盏被竹编织灯罩包围的灯泡，一高一低的排列，制造空间的层次感。

• Large usage of wooden elements in the area exudes a natural and simple atmosphere, but the serene and calm environment allows for a tropical charm to seep through. / 大量使用木质元素在空间中流露出自然纯朴，内敛沉稳中有掩不住的热带风情。

## A MODERN TROPICAL PARADISE THE TASTE OF NATURAL WOOD

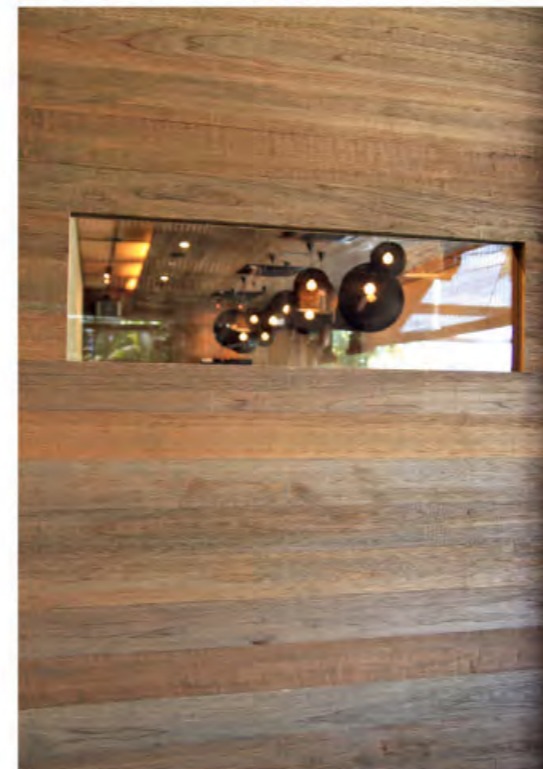

The textured dining tables filled the room, and under the calm and collected exterior is a gust of tropical charm, the designer utilizing large amounts of natural wooden elements in the space, reaching a balance between tropical and trendiness.

Scores of carved frames and figurines are used as decorations, lamps of different length wrapped in bamboo cocoons hang from the ceiling, and the faint lights shining through the mesh of bamboo elevate the tropical atmosphere of the restaurant, exuding an exotic Southeast Asian charm.

The amalgamation of modern and tropical charm, the modest arrangements is a picture of simplicity and honesty, and beneath the serene and calm atmosphere is an unbridled burst of tropical charm.

• The carved wooden paintings and sculptures brim with Southeast Asian charm, exuding an artistic appeal. / 洋溢着东南亚风味的雕刻画与木神像透出文艺韵味。

### 现代热带风情 原木味道

布满一室的质感餐桌具，内敛沉稳中有掩不住的热带风情，设计师将充满自然氛围的木质大量的使用在空间之中，此案在热带与时尚之间取之平衡。

一幅幅雕刻画与木神像作为装饰品，天花板上盏盏被竹编织灯罩包围的灯泡，高低的排列着，通过竹编织灯罩隐现的视觉穿透，让用餐空间增添热带色彩，流露出东南亚风味。

现代与热带风情的混合，简单素雅摆设，展现中国餐厅一家成员围在一块儿的厚实温暖感，让用餐变成一种享受。
